Hi, thank you for purchasing MF.SSGI!

To make sure the Demo-scene works properly, please take the following steps:

1. Goto Project Settings - Graphics. Make sure the 'MF.SSGI - Example URP Profile' is selected:

2. Goto Project Settings - Quality. Make sure 'MF.SSGI - Example URP Profile' is selected:

3. In the Hierarchy please select the 'CameraRight' object and make sure the camera has the SSGI renderer selected:

This should be it! Enjoy!
